## REGISTER OF LICENSED TELECOMMUNICATIONS OPERATORS IN SIERRA LEONE

The National Telecommunications Commission (NATCOM) is established to license and regulate the activities of telecommunications operators so as to promote efficiency and fair competition, and the expansion of investment in the telecommunications sector; the protection of the users or consumers of telecommunications networks and services and the progressive development of the telecommunications industry and technology in Sierra Leone.

Pursuant to Section 9 (2) (n) of the Telecommunications Act 2006 as amended, the Commission shall "maintain a register of Operators", which is provided in the table below. This Register of Licensed Telecommunications Operators is subject to review from time to time as the industry evolves.
