PRESS RELEASE

The National Telecommunications Commission (NATCOM) announces for the Information of all GSM Operators, Consumers and the general public that, following series of resolutions taken in various Consumer Parliaments and several meetings between the Commission and all GSM Operators on the billing platform in respect of the provision of telecommunications services, the Commission is of the firm belief that Consumers are entitled to benefit from the simplest billing platform that can easily be understood by all users of telecommunications services provided by GSM Operators nationwide. In the circumstances, all GSM Operators, Consumers and the general public are hereby informed that **effective 1st July 2014 all GSM Operators shall convert their billing platform from Units per Minute to Leones per second.** Failure to comply with this regulatory directive shall lead to the imposition of a fine on any defaulting Operator.
